

RSSoM Presents the YOP Digital Solo Competition

Students in RSYO, YCO and Camerata Strings are invited to participate in our first-ever digital solo competition in Spring 2021! Winners will be selected from each ensemble and their videos featured on the RSSoM YouTube channel. The grand prize performance will be featured during the intermission of the Richmond Symphony's Masterworks livestream in April!

Repertoire

Repertoire must be performed unaccompanied and be between two and eight minutes in length. Works written for solo instruments are encouraged, but not required. Your piece should be at the appropriate level and chosen with the help of your private teacher or school music teacher. When choosing repertoire, keep in mind that the winning videos will be presented unaccompanied.

Video Submission

Students must submit the final video, recorded in landscape, between March 1 and March 31. No videos will be accepted after March 31, 2021. In consideration of the potential performance during a Richmond Symphony livestream event, mindfulness is appreciated with both your presentation in dress and surroundings in your recording.

Questions?

Please email Jennifer Tobin, Youth Orchestra Manager, at jtobin@richmondsymphony.com after January 4, 2021. RSSoM/YOP staff will host a meeting in February to help answer any questions you may have about your repertoire or recording requirements.
